

CAREER OBJECTIVE

Experienced Data Science Intern with a strong educational background in Computer Science. Proficient in Python, Machine Learning, Deep Learning, NLP, Data Visualization, and SQL. Skilled in Power BI and Excel. Strong communication skills and adept at EDA.

WORK EXPERIENCE

Data Science Intern • Internship Jul 2024 - Sep 2024
Infoz IT Solutions, Secunderabad

I developed and implemented ML algorithms to analyze complex data improving processing efficiency by 20%. I conducted statistical analysis and created predictive models to support decision-making. I helped clean and preprocess data for a more accurate database. During my training, I worked on projects: 1. Deep Learning on Breast Cancer Dataset 2. Fake or Real News using NLP 3. Exploratory Data Analysis on Zomato Dataset.

EDUCATION

B.Tech, Computer Science & Engineering 2019 - 2023
Khit

Senior Secondary (XII), MPC 2019
SRI CHAITANYA JUNIOR COLLEGE

Secondary (X), CBSE 2017
Chaitanya High School

TRAININGS / CERTIFICATIONS

Data Science
Feb 2024 - Jun 2024
Teks Academy, Hyderabad

PROJECTS

[Exploratory Data Analysis on Zomato Dataset ↗](#)
May 2024 - Jun 2024

[Natural Language Processing using Fake or Real News Dataset ↗](#)

Apr 2024 - May 2024

[Deep learning Project using Breast Cancer Dataset ↗](#)

[Machine Learning Project using ALS Dataset ↗](#)

Mar 2024 - Apr 2024

SKILLS

- Python
- Natural Language Processing (NLP)
- MySQL
- Data Science
- Machine Learning
- Power BI
- Effective Communication
- Deep Learning
- MS-Excel
- Data Analysis
